MATH SERIES SELECTED BY S. A. D. 44 COMMITTEE

On Monday afternoon, May 23, MSAD 44 Math Committee met at the Crescent Park School in Bethel. During the past several months this committee has been meeting with sales representatives and math consultants from the book companies. The purpose of this Math Committee was to: 1. Review and evaluate material presently in use in the district elementary schools. 2. Review and evaluate new materials presented to the committee. 3. Submit a series of texts to the Board of Directors for use in the elementary schools of the district for the coming school year.

At the May 23rd meeting the Harcourt, Brace & World, Inc. math series was selected by the Math Committee. Sometime in the fall there will be a workshop for the elementary teachers in the area of mathematics, which will be sponsored by Harcourt, Brace & World, Inc.

Father Charles Nelson will leave Sunday for New York City to attend a Clergy Study Group at General Theological Seminary. He will return Saturday June 4. Mike Jenkins, son of Mr. and Mrs. Clinton Jenkins, cut his foot while at Songo on Saturday, requiring 17 stitches. On Tuesday he fell and fractured the other ankle.

Miss Pamela Young is spending a week at her home in Bethel before returning to her work as secretary-receptionist for the Massachusetts Council of Churches in Boston.

Betsy Davis, nine-year-old daughter of Mr. and Mrs. Stanley Davis, suffered a broken arm in a fall last Sunday. She has been a patient at Stephens Memorial Hospital.

Charles Austin of Lewiston and Maynard Austin of Sharon, Mass., were in town during the week end. They moved furniture from the home of the late Mrs. Ada Austin on Vernon St.

The William Bingham Auditorium was filled last Friday evening by relatives and guests to enjoy the presentation of the Spring Concert by students in School Administrative District 44. It was the first entrance of the kind by the combined schools, and was a complete success. Congratulations are due Mrs. Edith Epper, music supervisor of the district and her assistants on the production.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

There are different things that interest different people. There are different services that different citizens expect from their local government. The municipal officers of Bethel are faced with the task of determining the amount of attention that different services will receive.

Some citizens are very concerned about the noise made by some vehicles on the streets of Bethel. They are also concerned about certain incidents that occurred on two week ends. The Municipal Officers of Bethel are aware of these situations and the selectmen have been working on the problems. An attempt at coordination of the different levels of law enforcement has been made and it should be an aid to the officers.

I don't know that Bethel has a larger or smaller problem of noise than most other Maine communities. Compared to the national average, Bethel is probably in good shape. Compared to the Maine average, Bethel is probably normal. It is hoped that some corrective measures can be made the next few weeks. This is a good time to try to quiet things down because there is a long summer ahead. I feel very confident that the local law enforcement officers will do their best to control the situation.

The Selectmen made a request to the Canadian National Railway for improvement of the grade crossing on Lower Main Street. The letter went to local railroad officials and to the Montreal office. I believe that work on the crossing was scheduled for this spring but their work is running behind schedule. An answer to the requested repairs has not been received yet. I believe that major alterations and repairs will be made at the crossing this summer.

People have been doing very well at the dump. They have been throwing the waste over the bank and a minimum of work has been required there. The wind still blows some of the loose waste around but we might be able to stop some of that mess.
Michael Houlihan

ATTENTION TEENAGERS

Plans are underway for a teenage town meeting to be held at the Odeon Hall in the near future.

This is your meeting and your chance to make your voice heard on what you want for recreation. Much talk and even written word on this subject has been evident. Now is the time to plan for action.

Town Council members will be elected to represent West Bethel, East Bethel, South Bethel, and Bethel village, so be ready to vote for the best candidates in these areas.

Watch for the date of the Teenage Town Meeting and be sure to be present with your ideas.

Mr. and Mrs. Edward Houlihan have returned from Florida and are with Mr. and Mrs. Thomas Carter and family at present.

470 RAILROAD CLUB TO SPONSOR FALL EXCURSION

The 470 Railroad Club, Portland Division, Railroad Enthusiasts Inc., have announced they will sponsor the last United States run of Canadian National steam locomotive No. 6218. This locomotive was built by Montreal Locomotive Works in 1942 and in over 94 feet long and 16½ feet high, weighing over 300 tons.

This steam locomotive of a bygone era will once more come alive on Sunday, Oct. 2, 1966 when it will head up a special passenger excursion train.

The train will operate through picturesque portions of southern Maine, thence through New Hampshire, White Mountain by way of Gorham, Berlin and Groveton, crossing the Connecticut River into Vermont with final destination Island Pond in northeastern Vermont.

Scene photo stops and scenic views to Island Pond will allow the engineering on film the magnificent scenery and a steam locomotive in full action. The train is scheduled at the height of the fall foliage color display.

On the return trip from Island Pond to Portland the train will be powered by a diesel traction locomotive, as the 6218 will be out of order and home to Montreal for a well earned retirement.

Postcards may be obtained from Phillips S. Palmer, Ticket Manager, The 470 Railroad Club, 100 Park Street, Portland, Maine 04102.

BIDS TO BE OPENED JUNE 15 ON RT. 2 BRIDGE-ROAD JOB

Bids will be opened by the State Highway Commission on Wednesday, June 15, for highway construction in Bethel.

The project is primarily for the purpose of constructing a modern bridge over the Androscoggin River on U. S. Route 2 just north of the built-up area. The 3-span welded girder structure will have an overall length of 400 feet and a 30-foot roadway. The new bridge will be slightly upstream from the present outmoded structure in order that the alignment of the highway may be improved. The approaches will be rebuilt for a total distance of 9.6 of a mile, and the completed highway will have a 24-foot bituminous concrete pavement and 8-foot gravel shoulders. A highway beautification project to be carried out under the contract calls for a scenic turnout just south of the bridge, and a picnic area about 3 miles north of the bridge on the bank of the Androscoggin River.

SCHOOL DISTRICT VOTERS APPROVE MILLION DOLLAR BOND ISSUE

School Administrative District 44 voters approved a \$1,000,000 school bond issue for construction of a 750 pupil six-year junior-senior high school in a five-town referendum held last Thursday.

Andover	81	20
Bethel	302	40
Greenwood	87	27
Newry	42	14
Woodstock	131	31
	703	170

The 891 votes cast represents approximately one-third of the registered voters of the district.

PLANNING BOARD MEETS—SEWALL REP. PRESENT

Lewis Lubka, representative of the James W. Sewall Company of Old Town, met with the Bethel Planning Board Wednesday evening at the Office of the Selectmen.

Mr. Lubka discussed problems of zoning with regard specifically to duties of a Board of Appeals and types of decisions they might be called upon to render.

The Sewall Company representative gave a report on Bethel's distribution of population, village and rural, together with percentages of the population falling into each age group. This was one of a series of preliminary reports by the Old Town organization prior to a comprehensive plan for the town.

Mr. Lubka will again meet with the local planning group Wednesday, June 29.

Those present at the Wednesday meeting were: Mr. Lubka, John Philbrook of the State Department of Economic Development, Norris Brown, Michael Houlihan, Ted Chisholme, Mrs. Natalie Timberlake Carroll Valerine, Earle Paine, James Hutchins, Mrs. Ruth C. Ames, Charles Heywood, Claus Wiese, and John Brown.

BETHEL HISTORICAL SOCIETY AND MUSEUM TO BE DISCUSSED

A public meeting to consider formation of a Bethel Historical Society will be held at 7:30 Tuesday evening, May 31, at the Bethel Library Association building on Broad Street. All residents of the Bethel area interested are urged to attend.

The meeting is being held at the suggestion of the Museum Committee of the Library Association to determine if public interest would warrant organizing such a society. Many Maine towns have such societies many having far less interesting historical backgrounds than Bethel, the site of the last Indian raid in this part of the country.

Stonington and Phillips have recently purchased the oldest houses in their respective towns which have been reconditioned and used as museums. It would seem that a similar project in Bethel would be of interest not only to residents but to Bethel seasonal guests and visitors. Many families in Bethel would probably contribute antiques if they were assured that a suitable building with adequate custodianship would be available.

Members of the committee which suggested the open meeting are Rosalind Chapman, Edith Epper, Ralph Hall, Bernice Sawyer, Fay Taylor and Charles Heywood.

Mr. and Mrs. Jerry Johnson have moved into "Honey Bunch" house on the Middle Intervale Road.

MEMORIAL DAY SERVICES AT FORT MILL

Memorial Day Services sponsored by the American Legion, Post 1234, will be held at Fort Mill, Maine, on Monday, May 29.

In extending an invitation to the citizens of Fort Mill, the Post wishes to assure that the service will start at 9 o'clock at the Legion Hall followed by services at the cemetery.

Financial speaker will be first Lt. Col. J. H. Gaudreau, Commander of the American Legion. Any organizations wishing to participate are to be at the Legion Hall at 8:30 a. m. The service will be at the Fort Mill Cemetery at 9:30 a. m. In addition to the formal service, the Legionnaires of Post No. 1234 will be responsible for the decoration of the graves of all known veterans in the cemetery.

The first order for the observance of Memorial Day was issued in May 1908 by General John A. Logan of the Federal Army of the United States. For many years after the Civil War the G. A. R. in the North and the Confederate Veterans in the South took charge of the Memorial Day ceremonies in their respective communities.

With these founding organizations became unable to carry on, the community spirit of the American Legion joined to help perpetuate the annual observance of Memorial Day. Memorial Day has since become an important occasion for the decoration of graves of fallen soldiers.

The observance of Memorial Day should include the display of a United States flag by every home and business firm.
